collectSPACE^{com} Program Offer

This collectSPACE Promotional Program Offer (Program) is exclusively for those who order the following commemoratives through the collectSPACE website. Winco will not offer these program prices to the general public (in consideration to our retailers, please do not forward this program offer to others since Winco will only process program orders for those who contact us through collectSPACE).

DON'T DELAY! Winco has reserved 10 frames for this collectSPACE Program with edition numbers below 100. The first 10 collectSPACE "processed" orders will receive these frames (only one edition number below 100 per person. Additional frames ordered will have higher edition numbers). Payment info must be confirmed before Winco can consider an order as "processed". Winco cannot accept credit card payment info by e-mail or by any other form of digital transmission. Regardless if a frame is ordered (which will ship faster), or the Promotional Package Special is ordered (which will ship later since the frames will be ready before the boxed pin sets), order priority is based upon the date and time the order has been processed (not based upon when the order will ship). After these 10 collectSPACE Program frames are spoken for, and after the following orders are processed, Winco will assign the next lowest edition numbers on a first come, first served basis. Since Winco can only accept payment information by phone, Winco cannot be responsible for order processing delays due to the challenging timing of some calls. In addition, Winco cannot accept phone or e-mail requests to confirm low numbers. We apologize in advance for any order processing delay due to the challenging timing of a call, or due to our inability to take payment info due to being busy when a call comes in (as always, we will do the best we can for everyone who places orders). Winco cannot accept requests for special edition numbers (these requests will delay order processing).
