

## Moon Mascot: NASA Artemis II ZGI Design Challenge

### Design Template

Brooklyn Ardissona

You can use this template to help you design your ZGI. Each box is a 6" square (15.24 cm<sup>2</sup>). This is as big as the ZGI can be. You must provide front, back, and side views. Include information about the ZGI including the colors and the materials it will be made of.

When you're done, you can scan the form and add it to your submission or get some help to do that.

Front View of the ZGI:
