NEW PATCH ALERT 2016-1A FINAL FLIGHT 12 INCH COMMEMORATIVE

FINAL FLIGHT 2014 vs FINAL FLIGHT UPDATED 2016

FINAL FLIGHT 12 inch Commemorative

I felt that a patch honoring those lost in our effort to explore space deserved a commemorative as magnificent as the commemorative celebrating our successes. These astronaut and cosmonauts gave the last full measure of devotion to this effort. I also wanted to honor EVERY astronaut and cosmonaut. The artwork was updated to allow for a more meaningful design.

There are stars for each person honored. The three stars above the Moon pay tribute the Apollo 1 crew. The constellations from the STS 26 and 107 patches honor the crews of Challenger and Columbia. The Andromeda Galaxy beckons us to keep exploring. The formation of aircraft and spacecraft still represent the "Missing Man" formation but the launch now honors the RTF missions of Discovery and the effort they required.

Unless noted these designs were created by Tim Gagnon of Titusville, FL and Jorge Cartes of Madrid, Spain.
